The screenshot displays the 'No nicotine' app interface. At the top, the status bar shows the time 9:41, cellular signal, Wi-Fi, and battery icons. The app header includes a back arrow and an 'Edit' button. The main title 'No nicotine' is prominently displayed, followed by the text 'Since Apr 12.'. The central focus is a large orange number '24' representing the 'CURRENT STREAK'. Below this, the 'BEST' streak is shown as '47'. A section titled 'THIS WEEK' features a row of seven circles representing the days of the week: M, T, W, T, F, S, and S. The circles for Monday through Saturday are orange, while the Sunday circle is grey with an orange border. At the bottom, the 'LAST 90 DAYS' section shows a grid of 90 squares, each representing a day. Most squares are orange, indicating successful days, while a few are grey, indicating days when the user did not use the app.
